CMM 42 – Cranberry Sauce
CMM 29 – Grasshopper
CMM 49 – Christmas Tree
CMM 12 – Mocha Java

Color Me Mine

1. Paint the inside and outside of the box base with 3 coats of Red Head.
2. Paint the outside of the box top with 3 coast of Red Head.
3. Use your detail brush to paint in 2 coats of Mocha Java.
4. Add some water to the Cranberry Sauce, 75% paint to 25% water. Starting at the bottom of the apple sweep the brush up to create a little dimension making the bottom darker.
5. Paint the leaf with 3 coats of Grasshopper.
6. While the Grasshopper is still wet, add in some Christmas Tree to the underside of the leaf and drag it up onto the edge.
7. Finally use a liner brush to paint the veins in the leaf with one coat of Christmas Tree.

TIPS

- Adding the Cranberry Sauce to the base should blend up and make the apple darker on the bottom. If you're having trouble blending the colors, you can add in more Red Head and drag it down.
